Emerging Market Sustainable Finance

Record Emerging Market Sustainable Finance is an EM debt strategy which invests in currencies of emerging and frontier markets and in bonds issued by MDB's and sovereigns, within a well-diversified portfolio.

Value add for an institutional investor:

- Allows investors to achieve strong yield with significant outperformance achieved (vs benchmark) since inception of the strategy
- Operates as an impact strategy, aiming to deliver positive social, environmental and development outcomes for local communities
- Diversified global exposure to growing pool of 40+ Emerging and Frontier currencies
- Strategy demonstrates locally sourced credit exposure is an unrewarded risk
- FX exposure is to offshore, highly rated banks
- Fixed income exposure is to offshore AAA rated entities
- Strategy removes categories of onshore credit and convertibility risks

Enhanced Passive Hedging

- ✦ Reduce cost of hedging through flexibility in implementation, without varying hedge ratio
- ✦ Two key areas
 - ✦ Direct costs of maintaining hedge
 - ✦ Embedded interest rate differential
- ✦ Episodic nature of opportunities means higher level of discretionary oversight required
- ✦ Total value added relative to a fixed-tenor benchmark for an enhanced Passive Hedging programme for a representative account

Record's Digital Asset Ventures (“RDAV”)

- Established with intent to invest in start-up and early-stage companies aiming to disrupt financial services sector, including the Digital Asset economy
- Investment thesis: to invest in financial technology differentiated through the creation of a new economy, and defensible through network effects
- Modest proportion of excess capital deployed in order to
 1. learn
 2. get a “seat at the table” with key industry players, and
 3. generate a return for Record plc
- Initial investments via broad exposure through funds aligned with our thesis followed by a shift to direct investments into teams and companies.
 - Fund investments include Hack VC, Castle Island and Fasanara VC
 - Direct investments include Block Scholes and LakeParime
- Now able to lean on the teams we know and trust to assess and capture opportunities presented

AUME definition

Passive Hedging mandates:
