

# Record AM has committed to its third infrastructure transaction through its co-investment vehicle for Swiss pension funds.

30 March 2026

The co-investment vehicle enables leading Swiss pension funds to invest alongside ABP (the Dutch pension fund for government and education employees) through APG's Asset Owner Partnership ("AOP") programme, which is managed by APG Asset Management N.V. ("APG").

The commitment relates to APG's agreement, on behalf of its pension fund client ABP and the Swiss pension fund partnership (AOP III), to acquire a 37.5% stake in NorthC Datacenters B.V., one of Europe's leading enterprise colocation data centre platforms.
